Education

Associates in Biology— Las Positas Community College

Livermore, California • Spring 2025

Bachelor of Science, Biology— University of Reno Nevada

Reno, Nevada • Expected Graduation Spring 2027

Certifications

ServSafe Food Manager- ServSafe 2024

Excel Data Analysis Certification

Projects

Water Quality Analysis Project: Collected water samples and tested pH, turbidity, nitrate levels, and microbial content. Assessed environmental health and identified potential contamination sources.

Additional Information

- I have over 900 hours of experience in a laboratory setting (~400 Chemistry, ~500 Biology).
- Skilled in microscopy, spectrophotometry, and accurate pipetting techniques
- Proficient in Microsoft Excel (data analysis, formulas, charts).
- Experience using BLAST and basic bioinformatics tools for sequence comparison.
- Consistent reputation for reliability, professionalism, and attention to detail.
